

SLATWALL PRODUCTS

Retail Display Panels

A Division of Amerhart

 Made in the U.S.A.

Thank you for visiting us at GlobalShop!

We appreciate your continued support of Wind Mill Slatwall Products. As the retail industry continues to change, we look for new ways to stay relevant for our customers. This year we unveiled a major new addition to the Graphic Series collection, Graphic Series HPL.

Additional product introductions include; Gloss White Subway Tile, Formica HardStop™ and Ship Lap retail display panels. If you have any questions or need pricing, our expert Project Managers look forward to assisting you.

We also invite you to visit our updated website, where you can find answers quickly with the “Panel Customization Guide”, “Ask the Expert” video series and Distributer locator. Once again, thank you for taking interest in Wind Mill Slatwall Products. Our entire team looks forward to serving you!

Best regards,

Mark Radtke,
Vice President and General Manager

CUSTOM & STANDARD PANELS

Wind Mill Slatwall Products specializes in custom slatwall, DASHwall™, and solid retail display panels. Manufactured with our exclusive Anchor™ Core, custom panels include a variety of options: surface finishes, groove & edge treatments and more. Anchor™ Core is significantly stronger than slatwall made with medium density fiberboard (MDF) core.

Standard slatwall panels are available in variety of standard finish options. Choose from paint grade, ready to finish (RTF) and laminates with a durable TFO (melamine) or HPL finish. Standard slatwall panels are available from our nationwide network of authorized distributors.
