

SLATWALL PRODUCTS

Retail Display Panels

A Division of Amerhart

Thank you for visiting us at GlobalShop!

We hope you found your experience informative. For your convenience we have included a snapshot of each product featured at this years show in this product guide.

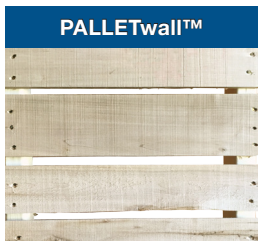

If you have any questions, our expert Project Managers look forward to hearing from you! We also invite you to visit our new website, where you can find answers quickly with the "Panel Customization Guide". Additional resources include "Ask the Expert" a video blog exploring display panel trends.

Thank you again for taking interest in Wind Mill Slatwall Products. We strive to lead, operating with great people, a lean environment, continuous training and a culture of true teamwork. As a division of Amerhart, we strive to go beyond slatwall. Our entire team looks forward to serving you!

Best regards,

Mark Radtke, General Manager

CUSTOM & STANDARD PANELS

Wind Mill Slatwall Products specializes in custom slatwall and retail display panels. Manufactured with our exclusive Anchor™ Core custom panels include a variety of options including surface finishes, groove & edge treatments and more. Anchor™ Core is 50% stronger than slatwall made with medium density fiberboard (MDF) core.

Standard Slatwall panels are available in variety of standard finish options. Choose from paint grade, ready to finish (RTF) and laminates with a durable TFO (melamine) or HPL finish. Standard Slatwall panels are available from our nationwide network of authorized distributors.

Custom Manufacturing Is What WE Do

COMPONENT PARTS

We manufacture parts for use beyond display and slatwall. When your project requires a custom solution, we excel at offering the support of prototyping, first article production, project management, manufacturing, scheduling and delivery solutions.

From drawer sides to elevator panels and kiosk wings, these are just some examples of the custom solutions we offer. Our expert Project Managers will work one-on-one with you to ensure your custom projects meet all of the necessary specifications.
