

# Graphic Series - Updatable Graphics

Wind Mill's Updatable Graphic display panels and fixtures can be updated in minutes. The innovative system incorporates a Wind Mill slatwall panel and proprietary Graphic-Serts™ designed to hold pre-cut printed strips. The strips are individually numbered for quick and easy placement. Updating is easy, reverse the process and install your new graphics in just minutes! Environmentally friendly, old graphics can be saved for future use.

Seasonal and promotional merchandising has never been easier. Breathe new life into your showroom and increase sales with Updatable Graphics by Wind Mill Slatwall Products.

Updatable, Reusable, Easy

# Graphic Series - Updatable Graphics

Order the slatwall finish to your specification

Load Graphic-Serts™, insert pre-cut strips, replace and reuse as needed

Updatable Graphic Series Slatwall offers full functionality.

## It's Simple...

1 - Order your slatwall with your choice of finish and on-center dimensions. Then email our Project Managers your image files. Repeat anytime you need to update your graphics.

2 - Load the pre-cut graphic strips. Add the individually numbered graphic strips as you go for quick and easy placement. The strips are firmly held in place by Wind Mill Graphic-Serts™, no glue or tape is needed.

3 - Update graphics as needed. Simply pinch and pull out the old strip from the Graphic-Sert™. Place the new graphics strips under the tabs, starting from the bottom of the panel following the graphic strip numbers as you go. Save the old graphics for reuse if you wish.

Graphic Series slatwall retains all of the functionality of slatwall while adding amazing graphic impact.

For Information and sample request please visit: [www.windmillslatwall.com](http://www.windmillslatwall.com) or call 800.548.7528 to speak with a Project Manager.
