

Nesting Tables Assembly Instructions

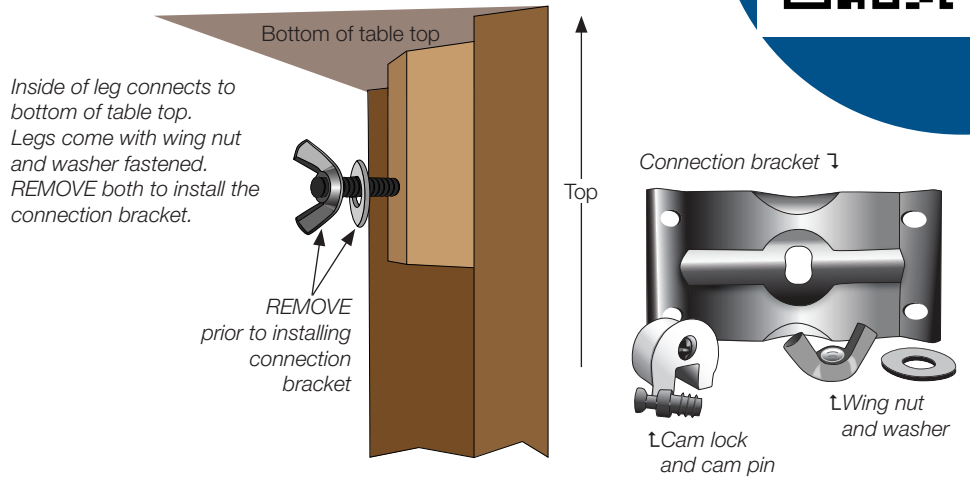

Hardware included

Leg bracket.....	4
Wing nuts.....	4
Washers.....	4
Cam locks.....	16
Cam pins.....	16
Small screws.....	16
Phillips head screwdriver.....	1

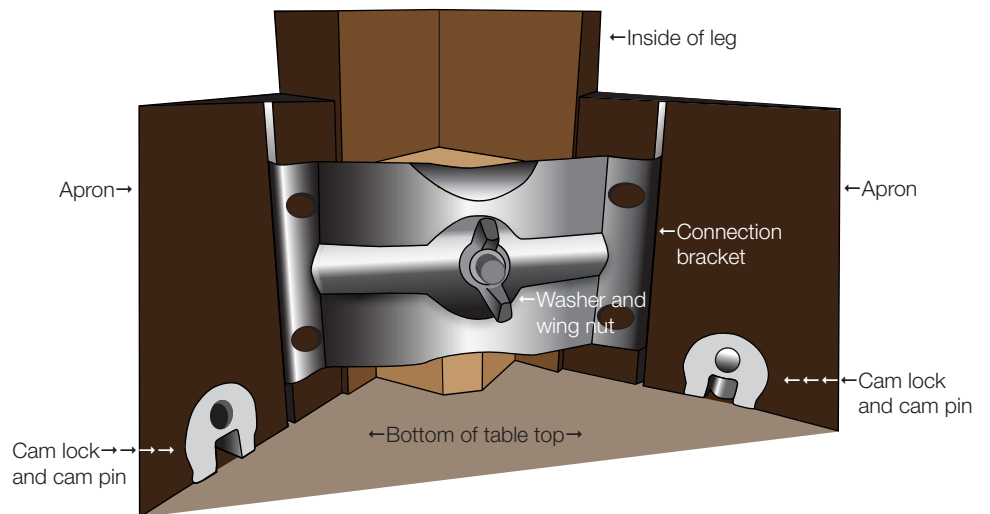

Assembly instructions

1. Position table top upside down on a clean, smooth surface.
2. Using the Phillips head screwdriver, screw cam pins into each of the small holes on the bottom side of the tabletop.
3. Tap cam locks into aprons
4. Carefully fit the aprons onto the cam pins. Tighten the cam pins with the included Phillips screwdriver.
5. Each leg has a threaded bolt to attach the bracket. Slip the leg bracket over the threaded bolt then line-up with the grooves in the apron.
6. Slide the bracket down in the grooves to fit the leg in place. Secure each leg with a washer and wing nut.
